

HIGHLANDER

Highlander Romance Package

Looking for that unique and special romantic night out with that special person?

Imagine you're walking along Cockle Bay Wharf for an evening stroll before, what you have told that special someone is an evening at a waterfront restaurant.

You stroll along King Street Wharf and a gentleman is tying up his boat.

You say good evening and mention that you like the boat; he invites on board to look around. You and your partner climb aboard and before you know it, you're sailing away with the lights of Sydney behind you, a divine meal and French champagne set before you and only a night to remember.

It's a special way to ask that special question or even spend a special night on the Harbour with the one you love.

Highlander can help bring your evening to life.....
